Hands of Hope USA 1st Annual Golf Marathon

Dear Sponsor,

Thank you for your interest in supporting the 1st Annual Hands of Hope USA Golf Marathon. This is our main fundraising event to assist Hands of Hope USA live out its purpose in Zambia, Africa by:

- Sharing the gospel and hope of Jesus Christ.
- Address, educate, coordinate, and provide aid and relief to eradicate chronic malnutrition and hunger on a local and global level.
- Partner in providing quality education to orphans and marginalized children.

Hands of Hope USA is a 501(C)(3) that partners with a local leadership in and around Lusaka, Zambia. We currently have four main focuses: 1) a school in Lilanda, outside Lusaka, Zambia, called Chikondi Community School, 2) student sponsorships providing education and food, 3) a college sponsorship program, and 4) building a Worship Center and School in Mumbwa, Zambia.

This fundraiser is raising funds specifically to build the Worship Center and the first classrooms in Mumbwa, Zambia. In this area, the locals do not have access to clean water, education, or a worship facility. Hands of Hope USA has acquired 13 acres of land for building, installed a well, and is currently running power to the land in preparations for the building project. It is our hope and prayer that we will have the funds to start building by Spring/Summer 2020.

Hands of Hope USA is very excited about all the ways in which God is moving and would love for you to be part of it through this golf marathon and your giving! You can sponsor directly via our website at HandsofHopeUS.com and click on the DONATE button. Otherwise, you can reply to Ginger Keenan for your donation to pay via a check or provide other payment information. Each donation is logged and a donation letter will be mailed to you for your tax-deductible donation records.

On behalf of the all the board members of Hands of Hope USA, we thank you for partnering with us!

Ginger Keenan
President of Hands of Hope USA
